

## Reused EDX Spectra on 10.1016/j.envres.2021.112171

An article [1] published on "Environmental Research" has reused EDX spectra on the figure 3. The "Spectra 1" and the "Spectra 2" have identical noise, as well as the "Spectra 3" and "Spectra 4" have identical noise, too, suggesting these spectra are reused.
